NOTES TO THE ACCOUNTS

1 Basis of Accounting

The method of accounting is on accrual basis.

2 Investments

- a. Purchase and sale of securities are recognised on trade dates i.e. on the dates of transaction and not on the date of settlement.
- b. All investments are accounted at acquisition cost. Such cost includes stamp duty, brokerage and any other charge customarily included in broker's note.
- c. Cost of right equity shares, if any, is considered at issue price plus premium paid, if any, to acquire rights renunciation.
- d. Bonus entitlement, if any, are recognised on ex-bonus dates. Similarly right entitlements, if any, are recognized only when original shares on which the right entitlements accrue are traded on ex-right basis.

e. Portfolio Valuation

For the purpose of financial statements, the Fund marks all investments to market and carries investments in the Balance Sheet at the market value. Unrealised gain, if any, arising out of appreciation of the investments, is carried to the Balance Sheet. Traded securities are valued at the last quoted closing price on the NSE, if such date is not preceding more than 30 days prior to the valuation date.

Non-traded equity securities, including those not traded within 30 days prior to the valuation date & thinly traded securities are valued in accordance with the guidelines issued by the SEBI. However, the Scheme does not hold thinly traded/non-traded securities.

f. In determining the holding cost of investments and gain and loss on sale of investments, the "Weighted Average Method" has been followed.

3 Unit Premium Reserve

Unit Premium Reserve is debited or credited at the time of purchase and sale of units after taking into account the face value of units and Income Equalisation.

4 Income Equalisation Reserve

An appropriate portion of price of unit at the time of purchase and sale is transferred to Income Equalisation Account. In arriving at the portion of the price to be transferred to Income Equalisation Account, surplus/deficit (before considering unrealized appreciation/depreciation) upto the date of transaction is taken into account. The net balance in Income Equalisation Account is transferred to the Revenue Account.
